

Manual for Proposal Form

Abstract

Below is the manual described for the agent / applicant of how to use and fill the required fields of the proposal form. Each step from start to end is taken as screenshot where every step is thoroughly explained in the manual. The explanation is given with every picture of how you can enter the data of the form, which part is essential and how you can enter the fields.

The important points before filling the Proposal form are:

- 1. Always read at the start of the page "Instructions for filling the Proposal form". Here go get the complete idea of how you can fill the form and also which part of the proposal is essential and if missed the underwriter will again ask the Agent to provide the information; resulting in process delay, customer dissatisfaction and loss of business.
- 2. Check list should be managed properly and marked as and where required; keeping in mind that whatever is marked is placed and provided to the proposal accessor to omit delays in generating the policy and also to increase customer support efficiencies.
- 3. Policy holder / Owner signs should always match as per their CNICs.
- 4. Always provide Purchase Receipt with the proposal Please note Cash is not allowed to receive from the Client.
- 5. Always make sure you provide Applicant's mobile number; as the TPL Life send SMS confirmations, policy details and contact client as and when require.
- 6. Always check that the form is filled completely esp. where Default on Loans, Health Question part", Female health section (if applicant is a female), Previous insurance opt. approved or rejected due to any reason is stated, current state of health is explained thoroughly and filled completely and the Nominee section are provided adequately.
